	Living Necklace Learning Kit								
	My Food Story Learning Kit								
	Season Change Scavenger Hunt Lesson Plan								
FAVOURITE	Amazing Invent-A-Plant Lesson Plan								
	Healthy Foods from Healthy Farms Learning Kit								

SCIENCE	LT1.1: Differentiate between living things according to observable characteristics, including appearance and behaviour.	SOCIAL STUDIES	DR1.3: Demonstrate awareness of humans' reliance on the natural environment to meet needs, and how location affects families in meeting needs and wants.	HEALTH	USC1.1: Examine healthy behaviours and opportunities and begin to determine how these behaviours and opportunities may affect personal well-being.	
	LT1.2: Analyze different ways in which plants, animals and humans interact with various natural and constructed environments to meet their basic needs.				USC1.5: Explore the association between a healthy sense of "self" and one's positive connection with others and the environment.	
	SE1.2: Explore how humans and animals use their senses to interact with their environment.				ART	CPI.8: Create art works that express own ideas and explore different forms (e.g., painting, drawing, printmaking) and media (paint, found objects).
	DS1.2: Inquire into the ways in which plants, animals, and humans adapt to daily and seasonal changes by changing their appearance, behaviour, and/or location.
