	Blossom's Big Job Storybook							
	My Food Story Learning Kit							

SCIENCE	LTK.1: Examine observable characteristics of plants, animals, and people in their local environment.	SOCIAL STUDIES	INK.1: Demonstrate an understanding of similarities and differences among individuals in the classroom.	HEALTH	USCK.3: Explore that who I am includes more than my physical self.
	NSK.1: Explore features of their natural surroundings (e.g., soil, water, landform, and weather conditions), including changes to those surroundings over time.		RWK.2: Develop and demonstrate stewardship of the environment in daily actions, in an effort to promote balance and harmony.	ART	CPK.4: Create art works that express own observations and ideas about the world.
	DRK.1: Describe the spatial relationships among people, places, and environments.
