

Agriculture 
in the **Classroom**

2018 Annual Report

Message from the Chair

It is often said that an organization is only as good as the people working for that organization.

If that is the case, then Agriculture in the Classroom Saskatchewan (AITC-SK) must have the very best people working for them!

All the success stories from this past year that AITC-SK can reflect upon will surely draw all of us to this conclusion.

Given all of the inquiry-based learning materials and programs we provide for students, all of the resources we offer for educators, our leadership in national agriculture education initiatives, our involvement with the Ministry of Education in curriculum development; one can only conclude that AITC-SK is the “go to place” for not only connecting students to agriculture, but also connecting teachers to agriculture.

Of course, none of this would be possible without the huge financial contributions

and in-kind support from our sponsors, that AITC-SK so heavily relies upon. On behalf of the Board of Directors and staff, I want to extend a huge thank-you for that support. We look forward to extending those relationships and expanding our support base, which is so vital for our continued success.

On behalf of the Board, I would like to thank Sara and her team for their passion and love for the work they do. It really shows and pays off for all of us in the agriculture industry.

As Chairperson, I want to thank our Board of Directors for all of their diligent hard work, their dedication and contributions in giving direction, that keeps AITC-SK a success story.

Thank you to all for making AITC-SK Saskatchewan proud!

Message from the Executive Director

This year, we celebrate 25 years of agriculture education!

From humble beginnings, Agriculture in the Classroom Saskatchewan (AITC-SK) has grown to be a well-respected organization that delivers high quality agriculture educational programs and resources across the province. This growth is directly attributed to the many individuals who have given their time, passion, vision, ideas and money... because they believe in the importance of educating the next generation about food and agriculture.

I am grateful to the founders of AITC-SK for their vision and perseverance, to our funding partners for giving us the resources to grow, to our educational partners for collaborating in development and delivery and to our dedicated board members, who provided the strategic guidance to help us grow through the years.

I am especially appreciative of our amazing team who bring energy, ideas and enthusiasm to schools across the province. Their commitment to providing rich learning experiences for students is a driving factor in teachers choosing to invite us into the classroom time and time again.

If you wonder exactly what it is that we are busy with... take some time to read this Annual Report. It provides an overview of the many different educational experiences we deliver for students throughout the school year.

I am privileged to lead this amazing organization and believe fully in our mission. Together, we are nurturing a connection between students and agriculture, building trust in agriculture and support for farmers. Let's see what the next 25 years will bring!

IN-SCHOOL PROGRAMS

Little Green Thumbs

Province-wide

GRADES 3 TO 6 • YEAR-ROUND

An indoor classroom gardening program that creates dynamic learning opportunities for teachers and students by growing food in their classrooms. Gardens are living laboratories, a place where students can apply and learn real-life STEM (Science-Technology- Engineering- Math) skills while fostering critical thinking, communication, collaboration and creativity.

4,460 Students Reached!

Little Green Sprouts

Province-wide

GRADES K TO 2 • JAN TO APR

This program is a great fit for classrooms with little space or not enough time to grow a large garden. In a few short weeks, students plant, grow, harvest and eat micro-greens.

3,664 Students Reached!

Classroom Presentations

Province-wide

GRADES 1 TO 6 • YEAR-ROUND

Classroom presentations delivered by our knowledgeable team are a great way to extend the learning in the classroom. Many teachers who can't participate in our out-of-school programs request classroom presentations.

5,750 Students Reached!

Canadian Agriculture Literacy Month

Province-wide

GRADES 1 TO 6 • MARCH

This program has become one of our flagship programs as it brings together passionate people working in agriculture and curious students. Our volunteers from across the province shared their personal agriculture stories as they led students through the activities in our new resource "What's in your lunchbox?".

8,140 Students Reached,
189 Volunteers!

OUT-OF-SCHOOL PROGRAMS

Food Farms

Kindersley, Melfort, Moose Jaw, Norquay, Prince Albert, Swift Current, Saskatoon, Yorkton

GRADES 3 & 4 • SPRING & FALL

Food farms give students a chance to experience planting and harvesting activities. Students learn about where their food comes from by growing ingredients for familiar foods such as pizza, burgers and fries. Grade 3 students plant crops in Spring and return to harvest them in Fall when they are in Grade 4.

Host Partners: Ministry of Agriculture, Conservation Learning Centre, Monsanto, G-Mac's Ag Team, Lindgren Farms, Gateway Veterinary Services, South Country Equipment

3,654 Students Reached!

Garden EXperience

Saskatoon

GRADE 3 • MARCH

Bugs, dirt, plants and seeds – so much fun for the students! This half day program will engage and excite the students as they get their hands dirty by planting seeds, learning how to compost and much more.

Host Partner: Saskatoon Prairieland Park Corporation

1,419 Students Reached!

“Best field trip ever! Students are constantly engaged and working through hands-on activities while learning about agriculture.”

- JENN ROBERTSON, VICTORIA SCHOOL, SASKATOON

Farm & Ag Tours

Province-wide

GRADES 1 TO 6 • YEAR-ROUND

The best way to learn what happens on a farm is to VISIT a farm. Our staff work with teachers and farmers to ensure that farm tours are memorable learning experiences for everyone involved. Thanks to a special grant from the Ministry of Agriculture, we were able to offer many travel bursaries to teachers to offset the transportation costs.

2,900 Students Reached!

AG Adventure

Regina

GRADES 4 TO 5 • SPRING

Saskatchewan farmers are among the most innovative and productive farmers in the world. This fun-filled day includes hands-on activities led by farmers and agriculture specialists.

Host Partner: Richardson's Bennett Farm

248 Students Reached!

OUT-OF-SCHOOL PROGRAMS

Agribition Agri-Ed Program

Regina

GRADES 1 TO 5 • NOVEMBER

Agribition Agri-Ed Showcase is an annual field trip for many classrooms. Live animals, interactive stations, milking demonstrations and more make this a one-of-a-kind experience for students. We are proud to sit on the Agribition Education Committee, sharing our ideas and experiences with the passionate group of volunteers.

Host Partner: Canadian Western Agribition

5,899 Students Reached!

Explore AG

Saskatoon

GRADES 3 TO 6 • SEP TO FEB

Students explore agriculture at the Western Development Museum with hands-on activities, interactive computer games about growing healthy plants, a seed planting station, museum scavenger hunt and much more!

Host Partner: Western Development Museum, Nutrien, Crop Production Services

1,195 Students Reached!

Explore, Experience and Discover

what agriculture means to our province and the world!

Students interact with and learn about livestock and animal care, food production and Saskatchewan's agriculture industry through hands-on, curriculum-based activities. We are proud to partner with many great organizations to help put on the following educational programs:

AG Experience

Saskatoon

Host Partner: Saskatoon Prairieland Park Corporation

GRADE 4 • OCTOBER

675 Students Reached!

Harvest Showdown Education Program

Yorkton

Host Partner: Yorkton Exhibition Association

GRADES 4 & 7 • NOVEMBER

1,082 Students Reached!

AG ED Showcase

Prince Albert

Host Partner: Prince Albert Exhibition Association

GRADES 3 TO 5 • APRIL

625 Students Reached!

Discover the Farm

Swift Current

Host Partner: Swift Current Agricultural and Exhibition Association

GRADES 3 TO 5 • APRIL

563 Students Reached!

AG at the Zoo

Saskatoon

Host Partner: Saskatoon Zoo Society

GRADES 3 TO 4 • SPRING & FALL

80 Students Reached!

RESOURCES

Blossom's Big Job

Arts, Sci, Hlth, ELA

GRADES K TO 3

In this charming storybook, a hard working bee will encourage trust and perseverance while your students learn about pollination and how honey is made.

FR

Alex's First Seed

ELA, Sci

GRADES K TO 3

A storybook about a little worm who helps to grow his first plant. This fun, educational book will help students learn about the important role that worms play in maintaining healthy soil in order to grow healthy food.

FR

What's Growing Around Us

ELA, Sci, SS

GRADES 2 TO 4

Follow Abby and her mom as they take a fieldtrip in the prairies to learn about where their food comes from! What's Growing Around Us is an educational storybook that highlights many of the crops and livestock that are grown and raised on the prairies.

FR

"AITC has changed my teaching! While I've always used hands-on teaching, the AITC resources opened the door to more student exploration and activities."

- BONNIE MCMURTRY,
JACK MACKENZIE SCHOOL

RESOURCES

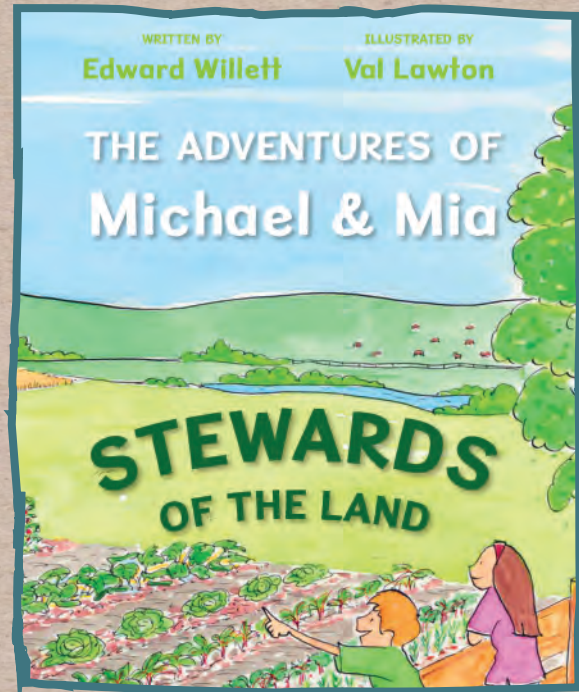

The Adventures of Michael and Mia: Stewards of the Land

ELA, Sci, SS
GRADES 4 TO 6

Come join Michael and Mia on a gardening and farming adventure! Complete with full colour illustrations, photographs and infographics, this educational storybook focuses on farm stewardship and sustainability, while also highlighting modern farm practices and technologies.

FR

Living Necklace Kit

Arts, Sci
GRADES 1 TO 4

The Living Necklace Kit includes instructions and materials for 35 students to each make a necklace using a cotton ball, plastic bag, string and seeds. In a few days the seeds sprout and the necklace comes alive!

Saskatchewan Seed Kit

Sci, SS
GRADE 3

The Saskatchewan Seed Kit comes complete with 5 sets of 13 samples of Saskatchewan's most common seed varieties and suggested activities to engage students in learning about crop production in Saskatchewan.

FR

RESOURCES

My Food Story

Hlth, ELA, SS

GRADES K TO 4

What is your food story? Use this kit to share stories about how food is produced from gate-to-plate. Introduce students to some of the people dedicated to delivering safe, healthy and affordable food. Includes a lesson plan, washable My Food Story placemats and washable markers that students can use to share their own food stories in the classroom and again at home.

Dig Deeper: A Soil Discovery Kit

Sci

GRADE 3

This kit enhances student's understanding and engagement with the world of soils as they delve into the story of soil and its central role in sustaining life on earth. Subsequent hands-on activities focus on what soils are made of, the diversity of life soils contain, how they interact with water, their productive capacity to grow food and an exploration of the root zone.

The Heart of Saskatchewan

Hlth, Sci, SS

GRADE 4

This resource contains 21 lesson plans, student activities, and teacher and student information handouts. Complete with pictures, this cross-curricular resource is a fantastic learning tool for Grade 4 Social Studies!

What's in Your Lunchbox?

Hlth, Sci, SS

GRADES 3 TO 5

A hands-on, interactive resource that connects kids to where their food comes from. Students learn what crops, animals and plant parts are needed in order to make the foods that they commonly eat.

Middle Years

IN-SCHOOL PROGRAMS

Journey 2050

Province-wide

GRADES 7 TO 9 • YEAR-ROUND

Journey 2050 allows schools around the world to experience agriculture like it has never been taught before. As students explore global food sustainability, they are encouraged to think critically about the ripple effect these decisions have on social, economic and environmental factors, locally and globally. Agricultural experts and farm families from Kenya, India and Canada guide students through a virtual farm simulation, career avatar game and geography scavenger hunt.

Schools can book an AITC speaker to deliver a two-hour presentation on Journey 2050.

Host Partner: Nutrien

593 Students Reached!

"This program helps to correct common misconceptions about our food supply and agriculture practices. The world needs to know the realities and that media and advertising twists facts to make sales."

**- KARRI GINETZ, WILFRED HUNT SCHOOL,
SASK FEEDS THE WORLD**

"They are directly related to the curriculum and hands-on activities that engage students. Planned, well laid out and ready to use."

- KRISTEN STEIN, BALGONIE SCHOOL

thinkAG Career Classroom Conversations

Province-wide

GRADES 6 TO 9 • YEAR-ROUND

This engaging, hands-on presentation profiles various agricultural career paths such as agronomy, animal science, agricultural trades and technology, food development, agribusiness, and research and innovation. The presentation will also feature an introduction to agriculture and spotlight agriculture-related post-secondary programs.

635 Students Reached!

OUT-OF-SCHOOL PROGRAMS

Sask Food Story

Saskatoon

GRADES 6 TO 9 • OCTOBER

Students observe a working dairy barn with a robotic milking parlour, explore the Feeding the World Interpretive Centre, try their hand at making a favourite food product, and play a food security game investigating the role that Saskatchewan farmers play in global food production.

Host Partner: College of Agriculture and Bioresources

218 Students Reached!

Sask Feeds the World

Regina

GRADES 6 TO 9 • SEPTEMBER

This half-day program encourages students to examine the important role Saskatchewan plays in contributing to local and global food security. Students will tour a variety of stations exploring topics such as economy, trade, environmental stewardship and nutrition.

Host Partner: Richardson's Bennett Farm

181 Students Reached!

Biotech Blast

Saskatoon

GRADES 7 TO 9 • MAY

Biotech Blast is a one-day program that will engage students in science-related activities through hands-on, interactive sessions that are hosted by today's leaders in the fields of science and biotechnology. Students love the experience of learning from our dynamic presenters about today's agricultural innovations and the future of the ag industry!

270 Students Reached!

Middle Years

OUT-OF-SCHOOL PROGRAMS

thinkAG Career Expo

Regina

GRADES 6 TO 9 • JUNE

Hosted at the Farm Progress Show, this career expo will provide an opportunity for students to learn about the agriculture industry, explore various agricultural careers through experiential activities, and gain an understanding of the many education and employment opportunities available in the agriculture sector.

312 Students Reached!

Farm & Ag Tours

Province-wide

GRADES 6 TO 9 • YEAR-ROUND

The best way to learn what happens on a farm is to VISIT a farm. Our staff work with teachers and farmers to ensure that farm tours are memorable learning experiences for everyone involved. Thanks to a special grant from the Ministry of Agriculture, we were able to offer many travel bursaries to teachers to offset the transportation costs.

500 Students Reached!

"It was fantastic to look around and see and hear every student in every group engaged: thinking, asking questions and eagerly participating in activities."

- KATHY SPENCE, VANSCHOY SCHOOL

RESOURCES

What's Your Something?

Careers, SS

GRADES 6 TO 9

Everyone has a "something" they love to do. Create, start, construct, grow, fix, manage, sell, protect, communicate, etc. This hand-out introduces agriculture careers to students in a way that they can see opportunities related to their individual interests.

WHAT'S YOUR SOMETHING?

What is your future career path? You have to do **SOMETHING** to earn a living, but what will it be? Here are some examples of careers in agriculture and food...

The agri-food sector employs over **2.2 million** Canadians (1 in 8 jobs) — and most of them are off the farm!

Minimum Education Required
HIGH SCHOOL DIPLOMA
COLLEGE DIPLOMA
UNIVERSITY DEGREE

START SOMETHING	Do you dream of being your own boss? The agri-food sector has many opportunities to start your own business.	• ENTREPRENEUR
SELL SOMETHING	Are you good at convincing people to buy things? A career in business and sales could be calling.	• SALES REPRESENTATIVES - FOOD, SEED, FEED, FUEL • EXPORT SALES MANAGER • MARKETING SPECIALIST
CONSTRUCT SOMETHING	Are you the DIY type, always building something? Consider a job designing robotic equipment, or constructing agricultural buildings.	• CARPENTER / LABOURER • ASSEMBLY TECHNICIAN • WELDER • ELECTRICAL ENGINEER
GROW SOMETHING	Is your thumb green? What would agriculture be without seed, soil and plants? There are a variety of careers available in the field of Plant Science.	• HORTICULTURALIST • LANDSCAPE DESIGNER • PLANT SCIENTIST / FIELD AGRONOMIST • GREENHOUSE MANAGER
RAISE SOMETHING	Do you love animals? You can run your own business, work on a farm, or maybe be employed by an animal nutrition company.	• FARM WORKER • FEEDLOT MANAGER • FOOD ANIMAL VETERINARIAN • HERD NUTRITIONIST

The agriculture and food sector is about **1.4 million** jobs.

Feeding a Growing World
Exploring Saskatchewan's Role in Global Food Security

An Educational Resource for Grade 7 Social Studies

The cover features a student looking at a globe, with a thought bubble containing icons for a plant, a fork, a plate, a chicken, and a globe, and a green seal that says 'APPROVED'.

"The hands-on nature of the resources has been wonderful. Students are very enthusiastic to use them and are engaged the whole time."

- CARLY STEIN, ST. MICHAEL'S SCHOOL

Feeding a Growing World: Exploring Saskatchewan's Role in Global Food Security

SS

GRADE 7

This resource provides the means for students to inquire, explore and investigate the question, "How might Saskatchewan agriculture contribute to global food security for 9 billion people?" Feeding a Growing World features multiple components to enhance students' learning experiences, including a 4-part video, an interactive SMART Board game and classroom activities. After students have gained a solid understanding of global food security issues, they will undertake an inquiry-based project focused on an aspect of Saskatchewan agriculture and its connection to food security.

High School

IN-SCHOOL PROGRAMS

genAG 2018

Province-wide

GRADES 9 TO 12 • SPRING

In this unique program, student groups use their analytical skills and creativity to develop a marketing plan to promote ag-sector careers to their peers. Field trips and industry guest speakers helped inspire students to learn more about career opportunities in agriculture.

144 Students Reached!

AG Blast

Regina

GRADES 10 TO 12

AG Blast was a one-day event to officially launch the AITC-Canada resource #MyFoodChoice. During this event, students examined the factors that influence their personal food choices. Experts in various agriculture fields shared their perspectives, challenging the students to think differently. The event culminated in a group challenge to create the healthiest meal with groceries purchased at a mock grocery store. Each group was given a different scenario and budget, exposing them to challenges some families face when purchasing healthy foods.

Host Partner: AITC-Canada

120 Students Reached!

"I learned there is no possible way to have zero hormones in meat because they all have natural hormones."

- STUDENT, AG BLAST

Biotechnology Classroom Activities

Saskatoon & area

GRADES 9 TO 12 • YEAR-ROUND

High school teachers can register for a hands-on, lab-based session exploring the role of biotechnology in Saskatchewan Agriculture. A guest speaker will guide students through 'Geee! In Genome', 'Bacterial Transformation', 'BSE Gel Electrophoresis', or 'Science and Society for Science 9'.

Host Partner: Genome Prairie

166 Students Reached!

thinkAG Career Classroom Conversations

Province-wide

GRADES 9 TO 12 • YEAR-ROUND

This engaging, hands-on presentation profiles various agricultural career paths such as agronomy, animal science, agricultural trades and technology, food development, agribusiness, and research and innovation. The presentation will also feature an introduction to agriculture and spotlight agriculture-related post-secondary programs.

338 Students Reached!

OUT-OF-SCHOOL PROGRAMS

thinkAG Career Expo

Regina

GRADES 9 TO 12 • NOVEMBER

Hosted during Agribition, the career expo provided an opportunity for students to learn about the agriculture industry, explore various agricultural careers through experiential activities, and gain an understanding of the many education and employment opportunities available in the agriculture sector.

563 Students Reached!

Cooking UP Saskatchewan

Province-wide

GRADES 9 TO 12 • SPRING

A showcase of culinary and presentation skills! Students compete in their own school, with the winning group advancing to the Provincial Competition where they prepare a meal and present to a panel of judges. Students learned budgeting, meal planning, presentation, and speaking skills in this two-part cooking competition.

94 Students Reached!

Farm & Ag Tours

Province-wide

GRADES 10 TO 12 • YEAR-ROUND

The best way to learn what happens on a farm is to VISIT a farm. Our staff work with teachers and farmers to ensure that farm tours are memorable learning experiences for everyone involved. Thanks to a special grant from the Ministry of Agriculture, we were able to offer many travel bursaries to teachers to offset the transportation costs.

100 Students Reached!

"This event was so informative and engaging! My students learned about the careers available to them and a couple want to become Farm Equipment Mechanics after learning about it today!"

- KARI ANDERSON, TEACHER, THINKAG CAREER EXPO

RESOURCES

#MyFoodChoice

Hlth, ELA, Sci, SS

GRADES 9 TO 12

Students are encouraged to think critically about the question of "How can I make informed food choices". This resource has videos, interactive student sheets and more! A downloadable version is also available.

All About Food

Careers, Sci, SS

The All About Food book presents factual information about 'hot topics' in agriculture such as food waste and biotechnology and career opportunities. A companion website www.AllAboutFood.AITC.ca extends learning by providing a teacher guide, links to videos, interactive games and industry websites. Student learning is framed by inquiry questions that promote critical thinking about the topics.

The Agri-Environment: Exploring a Healthy Relationship with the Land

ES 20

Through hands-on experiments, students will explore sustainable agricultural practices and the technologies that support them. This resource kit contains materials for students to conduct experiments related to plant disease, seed treatment, soil health, soil erosion and more.

"AITC makes learning for our students engaging! The programs are organized and professional making it easy for teachers to access these excellent educational opportunities."

- DEREK SERDACHNY,
CHURCHBRIDGE PUBLIC SCHOOL

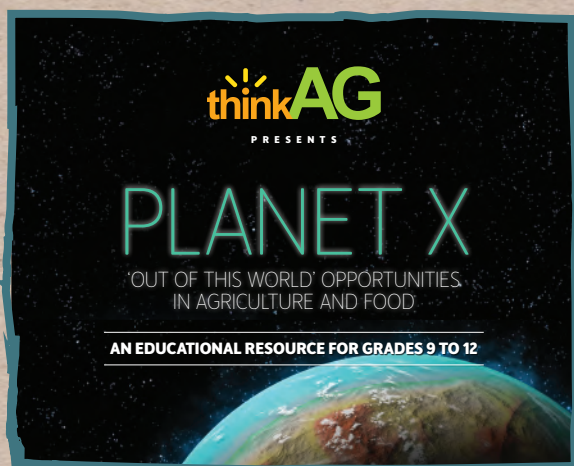

snapAG

Sci, SS, Hlth
GRADES 9 TO 12

Accurate, balanced and current information on hot topics in agriculture that has been researched and reviewed. A great resource for teachers to explore information about questions they might personally have or for high school students to use as a source of information for research projects.

Visit www.AITC-Canada.ca and click on 'Learn about Agriculture'.

The Real Dirt on Farming

Hlth, PAA, Sci, SS
GRADES 9 TO 12

Wondering about the role of pesticides, hormones and antibiotics in our food? In this resource, Canadian farmers discuss important issues that exist in today's food industry, and give teachers the facts that you need to help educate students about modern food production. A teachers' guide is also available.

Planet X: 'Out of this World' Opportunities in Agriculture and Food

Careers, Sci, SS
GRADES 9 TO 12

Students are given the mission to assemble a team of food production professionals to send to Planet X to sustainably produce food for the growing world. Students will gain an appreciation and knowledge of the multitude of professions within the Agriculture and Food sectors, while also understanding the importance of everyday food production and sustainability to the global population.

"They are directly connected to the curriculum, have lesson plans and ideas so it is easier to plan unit work, and are a very reliable source of non-fiction information!"

- SYDNEY WILLNER, OUTLOOK SCHOOL

Cash - Beginning of Year	18,432	65,347
Cash - End of Year	\$ 56,890	\$ 18,432
Cash Consists of:		
Cash	\$ 56,890	\$ 18,432

"This was a fabulous, hands on learning opportunity for my students. They were engaged and able to discover many new career opportunities in agriculture. Loved it!"

- KELSEY WARREN, ST. MICHAEL SCHOOL
(THINKAG EXPO)

"The garden empowered them in a way no other learning opportunity does. Managing the life and production of a plant is almost like parenting. The plants relied on them and they stepped up to take care of them and reaped the benefits."

- JOANNE LAPIERRE (LITTLE GREEN THUMBS)

Agriculture in the Classroom

We are all connected to agriculture...

... and we all play a role in
building trust in agriculture.

Thank you to everyone who is
helping us share the truth about
Saskatchewan's incredible food story.

AITC-SK is a proud member of
AITC-Canada
